PM launches Ayushman Bharat Digital Mission

Ayushman Bharat Digital Mission will create a seamless online platform that will enable interoperability within the digital health ecosystem

There is no such big connected infrastructure anywhere in the world, says the PM referring to JAM trinity

“Digital infrastructure is taking everything from ‘Ration to Prashasan’ to the common Indian in a fast and transparent manner”

“There has also been an unprecedented expansion of telemedicine”

“Ayushman Bharat-PMJAY has addressed a key headache in the lives of the poor. So far more than 2 crore countrymen have availed the facility of free treatment under this scheme, half of which are women”

“Ayushman Bharat – Digital Mission, will now connect the digital health solutions of hospitals

across the country with each other”

“Healthcare solutions brought by the Government are a big investment in the present and future of the country”

“ When our health infrastructure is integrated, strengthened, it also improves the tourism sec

Posted On: 27 SEP 2021 12:32PM by PIB Delhi

Prime Minister Shri Narendra Modi today launched the Ayushman Bharat Digital Mission through a video conference.

Speaking on the occasion, the Prime Minister said that the campaign of strengthening health facilities that have been going for the last seven years is entering a new phase today. “Today we are launching a mission that has the potential of bringing a revolutionary change in India’s health facilities”, said the Prime Minister.

The Prime Minister underlined the fact that with 130 crore Aadhaar numbers, 118 crore mobile subscribers, about 80 crore internet users, about 43 crore Jan Dhan bank accounts, there is no such big connected infrastructure anywhere in the world. This digital infrastructure is bringing everything from ration to administration (Ration to Prashasan) to the common Indian in a fast and transparent manner. “The way technology is being deployed in governance reforms today is unprecedented”, said the Prime Minister.

The Prime Minister remarked that the Arogya Setu app helped a lot in preventing the spread of corona infection. He lauded Co-WIN for its role in making India achieve a record administration of about 90 crore vaccine doses today, under the free vaccine campaign.

Continuing with the theme of the use of technology in health, the Prime Minister said that there has also been an unprecedented expansion of telemedicine during the Corona period, so far about 125 crores, remote consultations have been completed through e-Sanjeevani. This facility is connecting thousands of countrymen living in far-flung parts of the country every day with doctors of big hospitals of cities while sitting at home, said the Prime Minister.

The Prime Minister remarked that Ayushman Bharat-PMJAY has addressed a key headache in the lives of the poor. So far more than 2 crore countrymen have availed the facility of free treatment under this scheme, half of which are women. The Prime Minister emphasized that diseases are one of the key reasons to push families into the vicious cycle of poverty and women of the families are the worst sufferers as they always relegate their health issues to the background. Shri Modi said that he has made it a point to personally meet some beneficiaries of Ayushman and he has experienced the benefits of the scheme during the interactions. He said, “these healthcare solutions are a big investment in the present and future of the country.”

f The Prime Minister said Ayushman Bharat – Digital Mission, will now connect the digital health solutions of hospitals across the country with each other. The Mission will not only make the processes of hospitals simplified but also will increase ease of living, he added. Under this, every citizen will now get a digital health ID and their health record will be digitally protected.

in The Prime Minister informed that India is working on a health model that is holistic and inclusive. A model which stresses preventive healthcare and, in case of disease, easy, affordable and accessible treatment. He also discussed unprecedented reforms in health education and said a much larger number of doctors and paramedical manpower is being created in India now as compared to 7-8 years ago. A comprehensive network of AIIMS and other modern health institutions is being established in the country and work on establishing one medical college in every three Lok Sabha constituencies is going on. He also talked about strengthening health facilities in villages and informed that in the villages, primary health centre networks and wellness centres are being strengthened. More than 80 thousand such centres have already been operationalized, said the Prime Minister.

Noting that today's program is being organized on World Tourism Day, the Prime Minister remarked that health has a very strong relationship with tourism. Because when our health infrastructure is integrated, strengthened, it also improves the tourism sector.

बीते सात वर्षों में, देश की स्वास्थ्य सुविधाओं को मजबूत करने का जो अभियान चल रहा है, वो आज से एक नए चरण में प्रवेश कर रहा है।

आज एक ऐसे मिशन की शुरुआत हो रही है, जिसमें भारत की स्वास्थ्य सुविधाओं में क्रांतिकारी परिवर्तन लाने की ताकत है: PM @narendramodi

— PMO India (@PMOIndia) September 27, 2021

130 करोड़ आधार नंबर, 118 करोड़ mobile subscribers, लगभग 80 करोड़ internet user, करीब 43 करोड़ जनधन बैंक खाते इतना बड़ा connected infrastructure दुनिया में कहीं नहीं है।

ये digital infrastructure राशन से लेकर प्रशासन तक को तेज, पारदर्शी तरीके से सामान्य भारतीय तक पहुंचा रहा है: PM

— PMO India (@PMOIndia) September 27, 2021

आरोग्य सेतु ऐप से कोरोना संक्रमण को फैलने से रोकने में बहुत मदद मिली।

सबको वैक्सीन, मुफ्त वैक्सीन अभियान के तहत भारत आज करीब-करीब 90 करोड़ वैक्सीन डोज लगा पाया है तो इसमें Co-WIN का बहुत बड़ा रोल है: PM @narendramodi

— PMO India (@PMOIndia) September 27, 2021

कोरोना काल में टेलिमेडिसिन का भी अभूतपूर्व विस्तार हुआ है।

ई-संजीवनी के माध्यम से अब तक लगभग सवा करोड़ रिमोट कंसल्टेशन पूरे हो चुके हैं।

ये सुविधा हर रोज़ देश के दूर-सुदूर में रहने वाले हजारों देशवासियों को घर बैठे ही शहरों के बड़े अस्पतालों के डॉक्टरों से कनेक्ट कर रही है: PM

— PMO India (@PMOIndia) September 27, 2021

आयुष्मान भारत- PM JAY ने गरीब के जीवन की बहुत बड़ी चिंता दूर की है।

अभी तक 2 करोड़ से अधिक देशवासियों ने इस योजना के तहत मुफ्त इलाज की सुविधा का लाभ उठाया है।

इसमें भी आधी लाभार्थी, हमारी माताएं, बहनें, बेटियां हैं: PM @narendramodi

— PMO India (@PMOIndia) September 27, 2021

आयुष्मान भारत- डिजिटल मिशन, अब पूरे देश के अस्पतालों के डिजिटल हेल्थ सोल्यूशंस को एक दूसरे से कनेक्ट करेगा।

इसके तहत देशवासियों को अब एक डिजिटल हेल्थ आईडी मिलेगी।

हर नागरिक का हेल्थ रिकॉर्ड डिजिटली सुरक्षित रहेगा: PM @narendramodi

— PMO India (@PMOIndia) September 27, 2021

f

अब भारत में एक ऐसे हेल्थ मॉडल पर काम जारी है, जो होलिस्टिक हो, समावेशी हो।

एक ऐसा मॉडल, जिसमें बीमारियों से बचाव पर बल हो, - यानि प्रिवेंटिव हेल्थकेयर, बीमारी की स्थिति में इलाज सुलभ हो, सस्ता हो और सबकी पहुंच में हो: PM @narendramodi

— PMO India (@PMOIndia) September 27, 2021

in

भारत के हेल्थ सेक्टर को ट्रांसफॉर्म करने के लिए मेडिकल एजुकेशन में भी अभूतपूर्व रिफॉर्म्स हो रहे हैं।

7-8 साल में पहले की तुलना में आज अधिक डॉक्टर्स और पैरामेडिकल मैनपावर देश में तैयार हो रही है: PM @narendramodi

— PMO India (@PMOIndia) September 27, 2021

एक संयोग ये भी है कि आज का ये कार्यक्रम वर्ल्ड टूरिज्म डे पर आयोजित हो रहा है।

कुछ लोग सोच सकते हैं कि हेल्थ केयर के प्रोग्राम का टूरिज्म से क्या लेना देना? - PM @narendramodi

— PMO India (@PMOIndia) September 27, 2021

लेकिन हेल्थ का टूरिज्म के साथ एक बड़ा मजबूत रिश्ता है।

क्योंकि जब हमारा हेल्थ इंफ्रास्ट्रक्चर इंटीग्रेटेड होता है, मजबूत होता है, तो उसका प्रभाव टूरिज्म सेक्टर पर भी पड़ता है: PM @narendramodi
